

KEEPING YOU SAFE IS OUR **PRIORITY**

For Your Peace of Mind...

With the recent concerns of COVID-19, the Ears 4 U Hearing Services team is dedicated to keeping you safe.

We are not scheduling in-office appointments until (at the earliest) April 6th, except in cases of patients who feels unsafe due to their inability to hear.

INTRODUCING: CURBSIDE SERVICE

When you arrive for a scheduled appointment, give us a call. A team member will come to your car, get your hearing devices, address any questions, and perform services in our office. Once completed, we'll bring your hearing devices back out to you, including any needed supplies such as batteries. Upon arrival, simply call or text us at (615) 205-7942.

JUST YOU, A LOVED ONE, OR CARETAKER

In order to lessen the amount of traffic in our common areas, we ask that only those who are essential to the patient's care attend the visit for now.

DON'T FORGET - WE SHIP

If you're needing supplies like hearing aid batteries, don't forget we can ship it to you! All shipping fees will be waived during this time, including shipping on batteries, supplies, and repaired hearing aids.

CARE FROM THE COMFORT OF YOUR OWN HOME

Many hearing aids that connect to your phone or app, have remote adjustment capabilities. Our team can address any programming needs while you stay home. Contact our office for questions using this feature.

MOST IMPORTANT

If you are experiencing symptoms of COVID-19, or have potentially been exposed to the virus, please let us know. We will work with you to reschedule your visit.
